

Message from the Superintendent's Office

Greetings, students, staff, teachers, parents, and community members. It is with great enthusiasm that I write my first message to all of you as the new leader of our district. I am extremely excited about being given the opportunity to continue the great things that are going on in our district and I look forward to all of us working together to move the district to the next level.

We have several changes in the district that we are very excited about for this coming year. First off, Mr. Josh Kauffman will be taking over as the 7-12 principal. Mr. Kauffman comes with 9 years of administrative experience and came highly recommended. We are fortunate to have Mr. Kauffman. In addition, Mr. Kauffman's wife, Bethany was hired to fill the open sixth grade position that was vacated at the end of the year. The Kauffmans will be bringing their three children with them to the district as well.

Speaking of the vacated 6th grade position... Mrs. Sarah Woods transferred within the district to move up to the 7-9 science position that was also vacated at the end of the year. Mrs. Woods is very eager to take on the new challenge of junior high and freshman science and we know she will do a great service to our students.

The other new addition to the Hardin Northern staff was the hiring of Mrs. Lindsey Whetstone as the new agricultural education teacher and FFA director. Mrs. Whetstone has been working hard over the summer to ensure that our students are prepared for the upcoming fair and school year. She comes with great experience as an ag teacher and FFA director and we are lucky to have her here at Hardin Northern.

Hardin Northern was also fortunate to hire more help in the custodial/maintenance area for the upcoming school year. Taylor Cornell was hired over the summer and has already been hard at work for a couple of months.

In other news, it looks like the bus garage project is about to be completed. The timeframe for completion looks to be within the next few weeks. If you have not done so, drive by to take a look. This project is long overdue and it will benefit our drivers greatly, in addition to saving wear and tear on our bus fleet.

So, with that, I want to again thank the Hardin Northern Board of Education, the teachers and staff, and the parents and community for entrusting me to be the facilitator of the district. Together, we will continue to do great things. It is going to be an exciting year for all of Hardin Northern! **Go BEARS!**

Information from the Nurse:

Any student who has prescription medication to be given at school needs to turn in the paper signed by the doctor and the parent with the medication. Medication cannot be dispensed without the proper paperwork. Forms can be found on final forms.

All students entering kindergarten, 7th grade and 12th grade need to turn in proof of required vaccinations for those grade levels prior to or on the first day of school. This can be turned in at the main office, at open house or when the student picks up his/her schedule.
